

# ESSENTIAL OIL DIFFUSER / NEBULIZER

Every Aroma-Pro Diffuser comes standard with the AromAir AC9903, 6Watt 4.5 PSI, Dual Diaphragm Aromatherapy Pump

**Perfect for home and office use!**

**First, determine if your home or office has mold by using a mold plate which can be found at any home improvement store or on the internet. If mold is confirmed, the diffuser can be used to control it. The diffuser must be run for 12 hours each day for a total of 6 days or run constantly for a total of 3 days using God's Tears essential oil. Be sure all pets and humans are not in the house while diffuser is running. The diffuser will cover up to 1500 sq ft at a time. Be sure to diffuse all levels exposed to mold separately including crawl spaces, basements, all living space levels and attics.**

**Available at Millennium Healthcare.
